LEGISLATIVE REPORT

Mr. Toryanski gave the legislative report. The deadline to submit proposed legislative ideas to the Governor's Office was July 14, 2017 and the deadline to submit proposed law and rule changes to the Governor's Office is today for the 2018 Legislative Session.

OLD BUSINESS

PROPOSED LAWS AND RULES

Mr. Toryanski stated that at the last meeting the Board approved to the proposed rules a statement that was designed to ensure applicants coming into the state who are already licensed in their jurisdictions get a temporary license until the Board can get the rules in place to regulate prescriptive authority. There was a sentence that would ensure those applying by endorsement couldn't start doing prescribing until the Board established these rules. Upon looking at this rule, the Board realized that more detail to "all persons including authorized" may be too broad as there may be others who are able to prescribe that the Board does not

regulate, therefore striking the three words to read “person authorized to practice under this section must hold a certification of prescription authority issued by the Idaho Board of Psychologist Examiners to issue a prescription”.

Mr. Toryanski requested the Board strike those three words so the focus is on the people who have applied for temporary license for 30 days per calendar year in Idaho.

Dr. Napier made a motion to forward the proposed rules for Rule 300 striking the three words. It was seconded by Dr. Hatzenbuehler. Motion carried.

Dr. Gage stated that he would like the Board to set some goals for discussion for the November meeting. Dr. Hatzenbuehler would like to discuss the process with Mr. Toryanski. Mr. Toryanski stated there are fifteen areas that need attention in the new rules and the Board has drafted four. Mr. Toryanski stated he could start working on areas five, six and seven which include continuing education and education training standards. Mr. Toryanski can put together a proposal to move forward and what would require expert input. Dr. Hatzenbuehler agreed but needed to discuss the definition regarding prescribed psychologist. The other area Dr. Hatzenbuehler wanted to discuss is the definition of geriatric. Ms. Ellis stated that all were in agreement setting the age 17 and younger for pediatric but not setting an age for geriatric which would need more discussion.

Dr. Ross made a motion to approve the letter for the advisory panel selection with modifications and approve a thank you letter for candidates not selected and authorize the Chair to sign. It was seconded by Dr. Napier. Motion carried.
